

日本・南アフリカ大学フォーラム SAJU Forum

The mutual partnership is also very important for achievement of Sustainable Development Goals (SDGs), which are goals not only for developing countries but for all countries over the world. Global issues such as health, environment, food security, energy, social stability and sustainability should be solved together by concentrating our efforts. We, in academia, shall be able to contribute to the achievement of SDGs by utilizing our accumulation of research results and wisdom and transmitting them to the next generation through education and training.

As such, the SAJU Forum aims to provide a structured framework for the collaboration between the higher education institutions of the two countries, and has the following goals are to:

- increase mobility of researchers and students;
- increase joint research and development collaboration;
- establish exchange programs among universities; and
- institutionalize cooperation among universities between the two countries.

3rd SAJU Forum (15–16 July 2017, Tokyo)

4th SAJU Forum (2019, South Africa)

持続的な開発目標 (SDGs) は途上国のみならず、世界の全ての国が取り組むべきものであり、その実現のためには国際間のパートナーシップは極めて重要です。保健、環境、食糧の安全、エネルギー、社会の安定と持続等の地球規模の課題は、共に力を合わせて取り組まなければなりません。大学人は積み重ねられた研究成果と叡智を駆使するとともに、これらを教育を通して次世代に伝えることにより目標の達成に貢献できると考えます。
